

# Minutes for: Natural

30 January 2014

## Sustainability House

### Agenda with Meeting Notes 26 mins

1. **Sustainability House Community Garden** 2:13 mins
  - Will not happen this year.
2. **Direction of group NA** - 0 mins
  - What direction should this group go in?
  - Social Work Group has 2 leaders
  - Faculty need service hours and serving on this group counts towards those
  - Carlos wants to develop partnerships with departments and pay students to work for us in each department as part of SIP.
  - Can those people in departments serve on work groups?
  - Maybe student interns should lead the Work Groups and faculty will give feedback, help, etc.
  - Focused intern or etc. can lead
3. **Urban Forestry Project Summary** 3:55 mins
  - Carlos will send out and ask for feedback
  - Katie can fine tune since Supriya is gone
  - Stored is momentary snapshot vs sequestered
4. **KPIs** 1:39 mins
  - Do you know of any more KPIs we should pursue?
  - We will work with FAMA and auxiliaries to provide real data and track waste/food waste
5. **Earth Day** 9:11 mins
  - Have vendor fair lined up
  - Could try round table discussion again
  - Creek clean up has been done before for volunteer day. Maybe could be done for Earth Day.
  - Any organizations we should invite to vendor fair?
    - OCC with leave no trace
    - FoodCorps
    - Fayettechill, Pack Rat, Lewis and Clark
    - Sustainability Consortium
    - GroGreen
    - TriCycle Farms
    - Arkansas GardenCorps

- We should email to brainstorm for Earth Day meetings. Would be easier than coordinating schedules for a meeting
  - Katie Ferran will craft an email to send out to UASC
- Would Joshua write a short article about the history of Earth Day at UA?
  - He might do a table with the information

#### 6. Catering waste 7:23 mins

- Could we reduce waste with Chartwells catering?
  - Specifically plates and dishes
- Maybe we could add guidelines for the franchise to phase out disposable things
- Reusable to go containers have been successful elsewhere
- Let us know if anyone has feedback about how to make campus more sustainable!

#### 7. IPM 1:36 mins

- Library has highest # of visits from Orkin
- Physics has lots of cockroaches
- Sheri G would know
  - Facilities person

#### Attendance present?
