FAYETTEVILLE TRAVERSE @ ARTP

Trail Description: This will serve as additional connectivity for the Fayetteville Traverse as well as an important link to the Research and Technology Park campus.

Surface/Tread: 26-48" wide natural-surface trail. Trail will be constructed primarily out of on-site material, however, there will be some imported soil and stone. Trail alignment on adjacent City of Fayetteville property has been approved.

Length: Approximately 1.0 mi
